

# Mohamed Assaf

## Software Developer

Motivated young student with no previous experience with a big passion to progress within the Software Industry I love learning new technologies. I am a quick learner with a catchy mindset and very quick thinking. I have knowledge in two main languages (Python, JavaScript).

Native or Bilingual Proficiency

Bulgarian

Native or Bilingual Proficiency

English

Full Professional Proficiency

## INTERESTS

Electronics

Sports

Communicating

Programming

Learning languages

## PROJECTS

### Portfolio (Html/CSS)

- Made a portfolio about myself only using HTML and CSS you can check the link above my GitHub.

### DOM (Daily task tracker)

- Made a daily tracker website where you can put tasks to do for the day, and see when you finished the task or if you did it or not. Using Dom manipulations.

### STW (Share the world) Django

- Django website where you can post pictures from the internet of places you visited, And with Login/Register option to create or log in an account. Also, you can edit or delete the post if the post is yours otherwise you can only add a comment as a viewer.

### TICTACTOE

- A game of Tic tac toe with the option of playing against the computer, the game uses some of the OOP principles that we all know.

### HangMan

- A simple game where the computer chooses a random word which you have to guess before losing all your lives.
