

Mohamed Assaf

Software Developer

Motivated young student with no previous experience with a big passion to progress within the Software Industry I love learning new technologies. I am a quick learner with a catchy mindset and very quick thinking. I have knowledge in two main languages (Python, JavaScript).

PROJECTS

Portfolio

- Made a portfolio about myself only using HTML and CSS you can check the link above my GitHub. (Unfinished)

STW (Share the world)

- Django website where you can post pictures from the internet of places you visited, And with Login/Register option to create or log in an account. Also, you can edit or delete the post if the post is yours otherwise you can only add a comment as a viewer.

TICTACTOE

- A game of Tic tac toe with the option of playing against the computer, the game uses some of the OOP principles that we all know.

HangMan

- A simple game where the computer chooses a random word which you have to guess before losing all your lives.
